The Department of Architecture in the College of Architecture, Art, and Planning at Cornell University invites applications for a full time tenure-track or tenured appointment in environmental systems at the Assistant or Associate Professor level.

Desirable qualifications include a demonstrated interest in integrating environmental technologies with design practice, a strong record in teaching environmental systems, established expertise in sustainability, evidence of significant research through scholarship and/or practice, and graduate and/or professional degrees in architecture and environmental systems. Rank and salary will be commensurate with qualifications and experience.

The successful candidate will be expected to contribute to the discipline of architecture through sustained research, to teach both undergraduate and graduate courses in environmental systems and sustainability, and to be a full participant in the other service responsibilities of the Department faculty.

**Required Application Materials:**
1. letter of application including a brief statement outlining teaching and practice/research objectives
2. a full curriculum vitae
3. examples of scholarly and/or professional work
4. a list of five references with telephone and fax numbers, mailing addresses, and email addresses

All applicants should submit these materials in hard-copy format to the following address. We encourage digital submissions that supplement and/or duplicate these but do not replace them. Please note that application materials will not be returned.

Environmental Systems Search Committee
Cornell University, Department of Architecture
139 East Sibley Hall
Ithaca, NY 14853
- Phone: (607) 255-7612
- Email: arch_chair@cornell.edu

Review of applications will begin on November 1, 2013 and continue until the position is filled. The appointment is expected to begin July 1, 2014.
